

## DECLARATION OF LIVING LUCID

I stand on the mountain of my truth and I Proclaim to all the cosmos my declaration of seeing the truth, of knowing the truth and of being the truth.

I, in the ever-present momentum now, call forth a Spiritual Court of Equity to hold and bare witness to all that I proclaim as my truth.

I call forth to my soul family, my Galactic family, Defenders and Warriors of Liberation in truth, and all ancestors past present and future to help hold, witness and anchor lock and seal the spiritual Court in neutrality.

I asked Earth Mother to please bring forth my akashic records and open them fully and completely for full transparency before all in the Spiritual Court of Equity.

Thank you.

To my Akashic Records, I am calling forth all records of placancy, numbness, going along with the flow, brainwashing, being a sheep, believing the propoganda, mindlessness, refusing to question, unaware of even the idea of questioning, being asleep to everything happening around me, giving my power away to others, categorizing situations, people and things as "that's just the way things are".

All beliefs of feeling as though I just have to deal with things the way they are, there's nothing I can do about it, the world is just a dangerous place, a rough place, a mean place, people are just mean or hurtful or manipulative or take advantage of others. You just have to deal with it or learn to toughen up and not let others tell you what to do.

All beliefs of You don't want to rock the boat too much, you don't want to be the one that stands out, you don't want to be the one that's leading the charge or telling others what is wrong and then risk being the only one standing up for the truth.

All beliefs that It's better to just go with the flow, it's better to just go along with how things are, it's better to just ignore it, stay asleep in the dream. And all records of places where I see strange things in the dream and I don't even question it, I just go along with it as if that is just what it is.

I call forward my mother and my father and all of my ancestors before me, wherever I learned this however I learn this or whomever I learned this from. Whatever teachings I agreed to or that I have been taught, I am proclaiming to all the cosmos that I do not agree to them anymore, I am canceling them, deleting them and revoking all of them now. I am standing up for my truth and I am waking up in the dream.

I am the Lucid dreamer now!

I am calling forth all dark light entities who have used manipulation, coercion or domination and control in any way, in order to keep me asleep, numb or a sheeple in the dream.

You have no right to my energy, you have no right to my light, you have no right to my soul!

To all parasitic and arconic beings who have infiltrated my subconscious, my parasympathetic or sympathetic system, or any of my soul Matrix, you are hereby notified and evicted from my field of energy, my soul, and any aspect of my light NOW!

I Proclaim to my parasympathetic system and my sympathetic system that you have no right to dominate my intuition. Reset NOW!

As I stand before the spiritual Court of equity, I Proclaim before all the cosmos, that I am the dreamer and the dream and I am creating my dream now. I am stepping forth as the true creator of my I am presence.

My permanent seed atom is my guiding compass.

Wake up!

The Sleep spells and the curses are broken now, I call forth God Source Creator of all that is, to please do a full audit on everything I am waking up from, all the spells, all the curses, all the superimpositions, all the belief systems, all the teachings, all the manipulation, coercion subordination, all the programming, and all soul trafficking that has been done in the forced recycling reincarnation process, that has been dumping debt and karma onto Krysted Beings.

I asked all of it be audited and everything be returned to whomever originated it, as God would have it be, I Surrender it all now back to God source.

Reset back to Source field zero point field.

I speak to The Celestine Fire of cosmic light, my Declaration of intention, because my truth is I am the co-creator of this dream.

I declare to question everything happening within the dream. I declare that I m the intention and the witness that can create the change I choose to see.

My declaration is to be the living light in this world I wish to see around me, I hold within me the ethics of the law of one, the ethics of the law of the Universe, I am the compassionate neutral witness.

All that I see around me I question, I speak to, I ask what could be better, how could this be different, how can we make this more, how can we be more of Our Truth in every moment, in every breath, and every expression.

In this dream time of now, I question all systems of domination and control. I wake up to everything that is happening, and I bear Witness.

I am a walking waking meditation of source light awareness having an experience in this Dreamtime, and everything within the dream is lucid now. Vivid now within my awareness now. Every tree, every person, every interaction, every sentient thing breathing and being within this ecosystem of Earth Mother now, I am the mindful neutral compassionate witness.

I wake up through my mindfulness to the awareness of my heartbeat, to the awareness of my thoughts, to the awareness of my intentions, to the absolute knowing that every thought feeling and emotion that I experience, I am sending it out through the waves of the Kosmos, through quantum entanglement, therefore I am responsible for every thought feeling an emotion that I allow to express out from this physical I AM presence that I AM.

I wake up to my spiritual maturity, I wake up to the knowing that I am the Creator, therefore all lies of being a victim, small, inadequate, lack of abundance, lack of knowing, insignificant..... And all lies of fear.

I Surrender them all to The Celestine fire as I purge and cleanse my Soul Matrix, my Mental Matrix, my Emotional Matrix, all of my Chakra Matrices, and all of my physical being, I purge and clear myself now, purified by The Celestine fire.

I step forth brand new and renewed re-emerging as my original blueprint as each heartbeat from my chest emits an electromagnetic field out with the song and the sound of my permanent seed atom. I acknowledge now that I am part of the dance and flow, the ebb and flow, the Eternal flow of infinite light energy and expression.

All places where I have allowed myself to go into amnesia, to play the game of forgetfulness for whatever reason, where I have allowed parasitic attachments, entity attachments, portals into my field or spells, superimpositions or siphoning that has taken my pure Divine Light, I wake up now and reclaim the sovereignty that I am. I asked to please identify, locate, remove and repair all maiasim's, portals, or reversal light in my soul field. Close all portals now permanently and irrevocably, I asked for all my light fibers to be returned to living light now.

I wake up now. I am the Lucid Dreamer. I honor the universal law of mentalism, that all is mind, and all is of my perception, therefore my only limitation is that which I place upon myself. In this dream I Can Fly, in this dream there is love, joy, happiness, connectivity, compassion, inspiration. In this dream, I AM that I AM!

Before all in this spiritual court of equity, I proclaim this now, with a loving heart, and SO IT IS!

(please change any of this to your own voice of your soul)
