"A child is born on that day and at that hour **when the celestial rays are in mathematical harmony with his individual karma.** His horoscope is a challenging portrait, revealing his unalterable past and its probable future result. But the natal chart can be rightly interpreted only by men of intuitive wisdom; these are few."
Swami Sri Yukteswar

"we are all responsible for our own evolution, for our own karma and the experiences of reality that we all share."
Jeffery Green

The background of the slide is a photograph of the ruins of the Temple of Apollo at Delphi, Greece. The temple is a well-preserved ancient Greek temple, featuring a prominent portico with four Doric columns. The temple is situated on a high, rocky plateau, with a view of the surrounding landscape, including a large mountain in the distance. The ruins are made of light-colored stone, and the overall scene is bathed in bright sunlight, creating strong shadows and highlights.

Know thyself: **The eternal message of the Oracle of Delphi**

“Heed these words, you who wish to probe the depths of Nature:

If you do not find within your Self that which you seek, neither will you find it outside.

If you ignore the wonders of your own House, how do you expect to find other wonders?

In you is hidden the Treasure of Treasures.

Know Thyself and you will know the Universe and the Gods.”

Within the Soul there exist two coexisting desires. One desire is for separate existence — to separate from that which created the Soul.

The other desire is to return to the Source of creation.

What is the Story of Pluto, what is the Story of Soul Why are we so drawn to find our Soul...& our Soul Purpose?

Pluto represents power.

Pluto represents your soul.

Your soul is your source of power.

soul's purpose is the purpose of your power.

Pluto representing the underworld, the hidden places, the darkest places, that which has been buried lost or feels as though it was taken.

Pluto is the place of our deepest fears, something scary enough to keep us from that which makes us whole and that which empowers us.

So, as we journey through the thresholds, Pluto will always be at the background of our initial descent.

Pluto's connected star systems in our chart show us the beginning of our soul's journey within the Milky Way Galaxy. It points to our soul's Divine Will, the Source of our soul's transformational power, and a courage to experience ourselves as an individual fragment of Source.

Pluto's orbit through the zodiac is 250 years so you will not experience your Pluto return in this life, and it stays in one zodiac sign anywhere between 12-32 years. Pluto is the energy of generational themes and your house position of Pluto will tell you what area of your life you are meant to focus on to restore balance and to activate your soul's transformational powers.

The real serpent is the timeline that stretches from our cradle to grave -- a serpentine path upon which we dance our way through the Valley of the Shadow of Death. Thus, the serpent that informs us is the trail of our own experiences -- the key to our emergent self-knowledge & natural wisdom. -Iona Miller

The ouroboros or uroboros is an ancient symbol depicting a serpent or dragon eating its own tail. The ouroboros entered Western tradition via ancient Egyptian iconography and the Greek magical tradition. It was adopted as a symbol in Gnosticism and Hermeticism and most notably in alchemy.

The ouroboros is often interpreted as a symbol for eternal cyclic renewal or a cycle of life, death, and rebirth; the snake's skin-sloughing symbolises the transmigration of souls. The snake biting its own tail is a fertility symbol in some religions: the tail is a phallic symbol and the mouth is a yonic or womb-like symbol.

Charon—the name of Pluto's largest moon—is a ferryman in the service of Pluto, or Hades. It was Charon's duty to guide the souls of the deceased (when properly buried) over the Rivers Styx and Acheron. As payment for this act, he received the coin that ancient Greeks placed in the mouth of the deceased.

In ancient Greek religion and mythology, Pluto was the ruler of the Greek underworld. The earlier name for the god was Hades, which became more common as the name of the underworld itself. Pluto represents a more positive concept of the god who presides over the afterlife.

As commander of the subterranean realms, he was the master of ores, metals, and the precious stones found within them. For this reason, he was celebrated by many as the bringer of wealth.

Inanna Ishtar

Venus and Her Many Names

Inanna-Ištar
Nebet Hut / Nephtys
"The Great Prostitute"
"Queen of Heaven"

Daughter of Enlil (Seth). Domain is the Edin desert, Enlil's Mesopotamian Plain. Mistress of Sa'am and the wet-nurse of Bel-Marduk (Horus).

Descent Of Inanna Wolkstein - Kramer

From the Great Above she opened her ear to the Great Below.
From the Great Above the goddess opened her ear to the Great Below.
From the Great Above Inanna opened her ear to the Great Below.
My Lady abandoned heaven and earth to descend to the underworld.
Inanna abandoned heaven and earth to descend to the underworld.

In **Uruk** she abandoned her **temple** to descend to the underworld.
In **Badtibira** she abandoned her **temple** to descend to the underworld.
In **Zabalam** she abandoned her temple to descend to the underworld.
In **Adab** she abandoned her temple to descend to the underworld.
In **Nippur** she abandoned her temple to descend to the underworld.
In **Kish** she abandoned her temple to descend to the underworld.
In **Akkad** she abandoned her temple to descend to the underworld.
She gathered together the **seven me**.
She took them into her hands.

With the *me* in her possession, she prepared herself:
She placed the **shugurra**, the **crown** of the steppe, on her head.
She arranged the dark locks of hair across her forehead.
She tied the small lapis **beads** around her neck.

Let the double strand of beads fall to her breast,
And wrapped the **royal robe** around her body.
She daubed her eyes with ointment called 'let him come, let him come.'

Bound the breast plate called 'Come, man, come!' around her chest,
Slipped the gold ring over her wrist,
And took the lapis measuring rod and line in her hand.
Inanna set out for the underworld.

Egypt: Aker - Guardian and Gatekeeper of the Underworld

Aker is an earth god who also presided over the western and eastern borders of the Underworld.

In early representations, Aker is shown as a narrow strip of land with a human or lion head at both ends. But later he was shown as the foreparts of two opposing lions, sometimes with human heads, facing away from each other. One lion faces west while the other faces east. In between them is the sign of the horizon. In the later period of Egyptian theology the two lions making up the Akeru were named Sef and Tuau - 'yesterday' and 'today' respectively.

Isis, Egyptian Aset or Eset, was one of the most important goddesses of ancient Egypt. Her name is the Greek form of an ancient Egyptian word for "throne." Isis was the daughter of the earth god Geb and the sky goddess Nut and the sister of the deities Osiris, Seth, and Nephthys.

In Emeša: "The portent or force of life." A Nindigir (Priestess), Mamitu's designated successor. Presided over Sa'am's Initiation of the Fire of the Aš and participated in his coronation. Revealed to be Sa'am's genetic half sister, as her DNA is partly from Mamitu and partly Abgal (see Genealogy). This gives her much more of the Abgal genetics than either Sa'am or Mamitu has, and is the reason for the numerous Egyptian etchings showing her (or her dresses) with fish scales. Sa'am rescues her -- saves her life -- twice in the course of Volume 1 (Le Secret). As the priestess in charge of agricultural development on Dukù (see Worlds), was named Se'et: "Portent of the worked earth". Ereškigal (Sumerian name) = Sovereign of the Kigal (Gigal). Her domain is the subterranean Duat. In Egypt "Queen of the Throne" (as was her mother Nammu/Nut). In Egyptian mythology, Aset symbolizes Goddess of Births. Across several traditions, universal mother, magician, creatrice of life. She is the Mistress of the human genes.

Mamitu-Nammu-Damkina-Ninti Nut
"The Tree of Knowledge" "Elohim"

The welcoming afterlife goddess was often portrayed as a goddess in the form of a tree, giving water to the deceased.
Nut most commonly filled this role, but the tree goddess was sometimes called Hathor instead.

Sekhmet was the daughter of Ra, and another incarnation of the goddess Hathor

What is the Story of Pluto, what is the Story of Soul
Why are we so apt to find our Soul...& our Soul Purpose?

The key to our life always lies in polarities. The balancing point.

How many aspects you have to your Pluto, shows how much evolution you wanted to take on and the energies influencing your past life challenges.

Your Pluto sign and house, is the main thing that your Soul is wanting to master...

But in order to find the gift, you have to travel through the polarity, “underworld” to reach it.

You will need to reach that goal through your POLARITY PLUTO

Leo – Connected to the SUN, 5th House
 Energy – Fire, Creativity Passion (Needs to Embrace Aquarius Themes)

Mythology Of Rahu And Ketu

According to the ancient texts, the mythology behind the origin of Rahu and Ketu takes us to the story of Samudra Manthan, the churning of the ocean. While churning, a pot of Amrit (elixir of immortality) emerged from the mantle of the ocean. While Mohini, the female avatar of [Lord Vishnu](#), took the Amrit and started to distribute it to the devas, there was a demon named [Svarbhanu who stood among the devas](#). The Sun and Moon, however, noticed and informed Mohini, but, by that time, Svarbhanu had already drunk the Amrit. Vishnu then, with his Sudarshan chakra, cut the demon's head. As the demon was now immortal, he could not die, but the head and rest of the body were separated. The head was known to be Rahu, while the rest of the body was called Ketu. They both were given an important position in astrology. They affect the solar and lunar eclipse.
