The Decent of Inanna and Facing Ego & Moon

Your Law of Attraction & Your Dharma

The Venus Cycle

It takes 27 days, 7 hours, and 43 minutes for our Moon to complete one full orbit around Earth. This is called the sidereal month, and is measured by our Moon's position relative to distant "fixed" stars. However, **it takes our Moon about 29.5 days to complete one cycle of phases** (from new Moon to new Moon).

The Moon is how you see yourself, it is the closet aspect to your conscious mind and the expression of your EGO (Directly Connected to Nodes)

90* The AC is an instinctual process, the coat of your Soul Ray how you instinctually project yourself, and how others see you

“Inanna’s descent represents the supreme wisdom of the feminine journey – she goes down to the place of grief, accepting the mourning that inevitably goes with the loss of our illusions about someone, or indeed about ourselves.” Melanie Reinhart

When Inanna arrived at the outer gates of the underworld, She knocked loudly. She cried out in a fierce voice: 'Open the door, gatekeeper! Open the door, Neti! I alone would enter!' Neti, the chief gatekeeper of the kur, asked: 'Who are you?' She answered: 'I am Inanna, Queen of Heaven, On my way to the East.' Neti said: 'If you are truly Inanna, Queen of Heaven, On your way to the East, Why has your heart led you on the road From which no traveler returns?'

The moon will reflect to us the conscious identity of how we see ourselves personally, our ego.

It is a monthly journey as we explore all 64 gates and shadow/light from every possible aspect and explore the theme of our karmic story. Each lunar cycle we circle the karmic wheel and have the ability to bring awareness to our story. This is every changing. Like the skin of the snake, we are always in cycles of death and rebirth in our life as we transitions through our years and grow through our experiences.

When Erishkigal heard this,
She slapped her thigh and bit her lip.
She took the matter into her heart and dwelt on it.
Then she spoke:
 'Come, Neti, my chief gatekeeper of the kur,
 Heed my words:
 Bolt the seven gates of the underworld.
 Then, **one by one**, open each gate a crack.
 Let Inanna enter.
 As she enters, remove her royal garments.
 Let the holy priestess of heaven enter bowed low.'
Neti heeded the words of his queen.
He bolted the seven gates of the underworld.
Then he opened the outer gate.
He said to the maid:
 'Come, Inanna, enter.'

Neti heeded the words of his queen.
 He bolted the seven gates of the underworld.
 Then he opened the outer gate.
 He said to the maid:
 'Come, Inanna, enter.'

When she entered the first gate,
 From her head, the **shugurra**, the crown of the steppe, was removed.

Inanna asked:
 'What is this?'
 She was told:
 'Quiet, Inanna, the ways of the underworld are perfect.
 They may not be questioned.'

When she entered the second gate,
 From her neck the small **lapis beads** were removed.

Inanna asked:
 'What is this?'
 She was told:
 'Quiet, Inanna, the ways of the underworld are perfect
 They may not be questioned.'

When she entered the third gate,
 From her breast the double strand of beads was removed.

Inanna asked:
 'What is this?'
 She was told:
 'Quiet, Inanna, the ways of the underworld are perfect,
 They may not be questioned.'

When she entered the **fourth** gate,

From her chest the breast plate called 'Let him come, let him come!' was removed.

Inanna asked:

'What is this?'

She was told,

'Quiet, Inanna, the ways of the underworld are perfect.
They may not be questioned.'

When she entered the **fifth** gate,

From her wrist the gold ring was removed.

Inanna asked:

'What is this?'

She was told:

'Quiet, Inanna, the ways of the underworld are perfect.
They may not be questioned.'

When she entered the **sixth** gate,

From her hand the lapis measuring rod and line was removed.

Inanna asked:

'What is this?'

She was told:

'Quiet, Inanna, the ways of the underworld are perfect.
They may not be questioned'

When she entered the **seventh** gate,

From her body the royal robe was removed.

Inanna asked:

'What is this?'

She was told:

'Quiet, Inanna, the ways of the underworld are perfect.
They may not be questioned.'

Naked and bowed low, Inanna entered the **throne room.**

Erishkigal rose from her throne.

Inanna started toward the throne.

The Annuna, the **judges** of the underworld, surrounded her.
They passed judgement against her.

"Let us understand the word "dharma." Dharma means "the law." Dharma does not mean religion. In this culture, we do not know what religion is. We are only looking at what the underlying laws are for your life to happen in the best possible way. We understand unless you stick to these laws, your life cannot happen well. These laws are not an imposition but the foundation of existence. If you know the laws, and you are in tune with them, then your life happens effortlessly. If you do not know, you will simply suffer for no reason."

It is better to live your own *Dharma* imperfectly than to live an imitation of somebody else's life with perfection.

Bhagavad Gita

**Dharma =
D. Earth & D. Moon**

The Moon is the fastest moving “planet”, so it follows that the **Progressed Moon** is the fastest moving progressed planet. Because the Progressed Moon moves at an approximate rate of 12 degrees per year, it passes through a zodiac sign for approximately 2-1/2 years.

These 2-1/2 year periods show us attitude shifts in our lives. The current sign of the Progressed Moon shows us the energies that we are drawn to at that point in time.

Because zodiac signs move from masculine to feminine to masculine, and so forth, every 2-1/2 years (approximately), our energies tend to shift from outward to inward to outward again.

The Shamanic Cycle of Venus

This myth is story of the cycle of Venus in the sky from Morning Star to Evening Star. Venus is the brightest light in our Night Sky and as we watch her journey, she disappears from view when she becomes conjunct with the Sun.

This is a shamanic journey into the underworld.

One Sun Cycle of Venus is 584 Days (1.6 yr) Phi Ratio One Cycle around the 12 Signs = 8yrs

She then spends approximately 260 days, or seven lunar cycles in the east before descending beneath the horizon for approximately 60 days where she forms an exterior conjunction with the sun.

This 60-day period when Venus is too close to the sun to be observed is likened to her being in the underworld.

She then rises in the west for another approximate 260 days or 7 lunar cycles before returning to the underworld for a short 0-20 days

This is the Death and Rebirth of Inanna
